

ADDENDUM

SEPA File No. 04-050603

Description of the original proposal: Hutch Valley Timber Sale App. No. 75691, and Forest Practice Application No. 2806759. Even-aged harvest of 4,287 MBF of timber from 91 acres. Proposal includes 4,995 feet of road construction, and 100 feet of reconstruction. 4,595 feet of road to be abandoned if built. Rock will be obtained from sites on State land.

Description of the addendum: Add Road Use Permit No. 50-076828 which will use existing roads to and newly constructed roads within the Hutch Valley timber sale in Sections 3 and 10, Township 37 North, Range 5 East. The permit is also for an additional 2,005 feet of new construction to extend four spurs within the sale area to the property line, so that Mid-Valley Resources, Inc. can conduct an 18-acre harvest on their land. The new road construction will use basic construction; cross drains will be installed; there are no typed streams within the road extensions. All new construction will be abandoned at completion of use. See attached drawing showing new road construction and pipe sizes and locations associated with this addendum.

Description of existing environmental document: State Forest Land Environmental Checklist dated, January 21, 2004; Mitigated Determination of Nonsignificance, dated April 22, 2004; Notice of Final Determination, dated May 21, 2004.

Proponent: Department of Natural Resources. Mid-Valley Resources, Inc. is the Road Use Permit applicant.

Lead Agency: Department of Natural Resources

This addendum is being distributed pursuant to WAC 197-11-600 and 197-11-625. It has been determined that this new information does not substantially change the analysis of significant impacts in the existing environmental document.
